## FOR THOSE IN FRANCE

(By ROBERT J. C. STEAD)

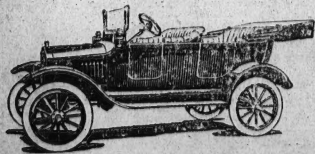

HE heard the call of country clear;  
He weighed no circumstance;  
Afar from those who held him dear  
He has fought—in France.

The tears of pride were in her eye;  
All love was in her glance;  
She sent him forth, if need, to die,  
To die for you—in France.

His babies lip their prayer to Him  
Who errs by no mischance;  
While in the trenches, bleak and grim,  
Their father fights in France.

For lips that pray, and eyes that weep,  
And hearts that feel the lance,  
Dig down, dig down, dig down, down deep,  
And pay—for those in France.

## The 192nd Battalion

Our readers will no doubt be interested in knowing of the disposition of the 192nd battalion, which left Calgary on October 21th. From letters received we gather that the battalion arrived in England as a unit on November 11th, and that all officers maintained their rank until arrival in England. On arrival the battalion was paraded, and all but Adjutant Lancaster and Lieut. Col. Lyon were transferred to the 9th Reserve Battalion, which is used for the purpose of furnishing reinforcements for the different divisions at the front.

On learning that the 192nd was made up chiefly of experienced miners, the war office at London ordered Major Conthard to report immediately and secure all the miners possible for the tunnelling company, which he did on the 19th November, securing about 150 men.

Six days' leave was granted officers and men before getting down to work properly, so that fifty percent of the battalion left for London and different points throughout the Isles. On their return all are to take special courses of study and training before being sent to France. A correspondent says that judging from the disposition of a battalion which came over a month or so before the 192nd, it is expected that two months will see all the boys of the 192nd across the channel. All battalions arriving in England are immediately broken up and transferred to reserve battalions.

The staff of the 192nd will be busy for several months winding up affairs. In the meantime, Lieut. Col. Lyon, with other colonels, is being sent over to tour France and the front to study conditions there.

The officers and men were complimented upon their smart appearance, and their ability to execute drill movements. Generally speaking, they made good in every respect—not too bad for the Old Crow. The camping grounds are fine, and all live in comfortable huts. Aircraft fly from Schorneliffe to France in 12½ minutes, and to the front in thirty minutes, so that the boys are not far from the field of operations. On clear, calm days the great guns can be heard pounding away at the Huns.

The boys find it very interesting to look over the old towns close by camp, with their 16-foot streets and sidewalks wide enough for two to walk abreast, and in many places only room for one. Churches 1,000 years old, many of them

### The Manly Man

"The world has room for the manly man,  
with the spirit of manly cheer;  
The world delights in the man who smiles  
when his eyes keep back the tears;  
It loves the man who, when things go  
wrong, can take his place and stand  
With his face to the fight and his eyes to  
the light, and toll with a willing hand;  
The manly man is the country's need,  
and the moment's need, forsooth,  
With a heart that beats to the pulsing  
tread of the lilted league of truth.  
The world is his and it waits for him,  
and leaps to hear the ring  
Of the blow he strikes and the wheels he  
turns and the lammers he dares to  
swing.  
It likes the forward look in his face,  
the poise of his noble head,  
And the onward lance of his tireless will  
and the sweep of his dauntless tread!  
Hail to the manly man who comes  
"With sunlight on his face,  
And the strength to do and the will to  
dare and the courage to find his place!  
The world delights in the manly man,  
and the weak and the evil flee.  
When the manly man goes forth to hold  
his own on land or sea!"  
-American Epitaph.

### Brilliant Comet Coming in View

A gigantic comet, officially known as  
"Comet B" and sometimes referred to as  
"Wells" comet, is approaching the sun  
at the rate of 1,124,246 miles a day, ac-  
cording to several noted astronomers,  
and by Dec. 11 its brilliant rays may be  
visible in the morning sky.

The comet, it is said, outshines all  
others seen in modern times in size and  
brilliance. It will reach the point near-  
est the sun on June 17, 1917, and prob-  
ably will remain visible for about three  
months.

On Aug. 15 it will be nearest the earth,  
at which time it will be less than 92,  
000,000 miles away. It should be visible  
to the naked eye during next summer's  
months.

### An Impossible Feat

A good story is being told of a reply  
given by a student to a question set in  
an examination paper.

"If twenty men reap a field in eight  
hours," ran the question, "how long will  
it take fifteen men to reap the same  
field?"

The student thought long and carefully  
before settling down the answer, and when  
he handed in his paper this is what the  
examiner read:

"The field, having already been reaped  
by the twenty men, could not be reaped  
a second time by the fifteen."

### Can You Beat It?

A cold snap is as bad as the fishing  
season for making lines. A West Por-  
man says that a neighbor threw a cupful  
of water from a cat one cold morning. The  
water froze into a chunk of ice in the air,  
hit the cat on the head and broke his skull.

Then he tells about a Cokato woman  
who left a lamp burning all night in the  
kitchen, and when she tried to blow it  
out in the morning found the flame frozen  
hard. She broke it off and threw it into  
the road where later it thawed out  
and set the shed on fire.

And if those two were not enough he  
winds up with the story of a Lethbridge  
doctor, who, just before he started out on  
a drive, took half a dozen small sized  
drinks of fine old brandy. It was cold  
night and his breath was frozen into  
chunks. He put the chunks into a pail  
when he got home, and thawed them out,  
and had a quart of pretty fair whiskey.

### Producer of "Cabiria" Honored By Italy

"Rome, Nov. 26.—Gabriele d'An-  
unzio, the poet and novelist, has  
been promoted to the grade of cap-  
tain for gallantry in action. Gen.  
Cadorna, in conferring the honor,  
says in an order, that d'Annunzio  
on October 10 and 11, by word  
and deed, set a notable example to  
the troops attacking two Austrian  
positions."

The famous "Cabiria" pictures will  
be shown at the Blairmore opera  
house on Thursday night next, De-  
cember 14th and at the Lyric The-  
atre on the following night. This is  
without doubt the biggest treat in  
motion pictures to be produced at  
the local theatres, and none should  
miss them.

### Russia to Control The Dardanelles

London, Dec. 4.—The momen-  
tous declaration of the agree-  
ment by the allies to the acqui-  
sition of Constantinople and the  
Dardanelles by Russia is given  
secondary place in the  
morning papers, and is only  
commented upon by two of  
them. The Conservative press,  
which formerly supported British  
statements of the 19th cen-  
tury in keeping the Russians  
away from Constantinople, re-  
ceived the news in silence and  
gave it no prominence.

The Liberal Chronicle and  
Liberal News are the only pub-  
lications to make any comment.  
The Chronicle says that the  
announcement deserves to be  
highly welcomed in England,  
and sets out the reasons why it  
thinks it desirable.

London, Dec. 4.—Reuter's  
Petrograd correspondent says:  
"Novoe Vremya, commenting  
on Premier Trepoff's announce-  
ment respecting Constantinople,  
says it is of the highest im-  
portance, satisfying Russia's  
historical claims and require-  
ments and serving as an insur-  
ance of European people against  
the German danger."

### Frank Happenings

A. Wardman, of Burnis, was  
visiting Mr. and Mrs. Jensen on  
Sunday last.

D. Roberts, brother to Mrs. J. J.  
Thomas, left for the Old Country  
on Sunday night.

cupied the position of storekeeper,  
etc., with the local coal company,  
returned last week from Spokane  
to re-assume the position. Jack  
has a life partner with him, this  
trip.

The name of Samuel Scott Wal-  
lace was given in a recent casualty  
list as being wounded. His name  
was contained in a Calgary list,  
but Wallace is from Frank, where  
he resided with his family up to  
the time of enlistment. His wife and  
children are at present residing at  
Westville, Nova Scotia.

A meeting of the ratepayers of  
Frank was held on Monday even-  
ing in the new parish hall, when  
the report of the secretary-treasurer  
for the year was read, and nomina-  
tion for councillor took place. The  
old council, A. I. Hais, E. Morgan,  
and Frank Weir, were re-elected  
by acclamation for another term.

The annual meeting of the local

be held in the new parish hall on

the report of the work of the year  
will be presented. We understand

being arranged. In addition two  
interesting films of pictures will be  
shown by Mr. Young. No charge

## Cowley Happenings

Mrs. O. Hettis has departed for a visit with immediate relatives in England.

Mr. Godeal will start for Victoria shortly, where he intends spending the winter.

**BORN**—To Mr. and Mrs. R. Swift, a daughter. Mr. Swift is overseas now.

W. Mitcham, the new manager, has taken up his responsibilities at the Union bank.

C. Buchanan has gone to Utah on a visit. It is rumored that he may not come back alone.

Mrs. Miller has gone to Spokane, the state of her health making it necessary to consult a specialist there.

Mrs. James Bennett has taken her little daughter, Lauretta, to St. Louis Mission, to consult a specialist in regard to her health.

Mr. Jamieson has resigned his position as manager of the Union bank here. We understand that he intends joining the army. At present he is a Fernie visitor.

It will interest the farmers and stockmen to know that the stockyard scales in the Cowley yards are now in good working order, and have been inspected and passed.

While in town the other day, Mrs. J. Rhodes took sick suddenly and was taken to the Memorial hospital at Pincher Creek. We understand she had an attack of appendicitis.

Mrs. George Dwyer and children left on the first of December for a visit with her parents in Missouri. She and Mrs. Bennett had the good fortune of travelling together as far as Kansas City.

Mr. Peel has received word from his son, who is attending school in Ireland, stating that while playing a game of football, he had the misfortune of falling and sustaining a serious knee wound.

Mrs. Boudie has received word from her son Alex., who has been ill of wounds in a hospital in France for some months, saying that one of his legs had to be amputated to ensure recovery.

The Christmas entertainment of the Cowley school will be held on the 21st of December in the Cowley hall. The little folk grows more noticeable as the time draws near for the appearance of "Old Saint Nick."

While going down the Middle Fork grade in his auto, M. L. Jordan had an exciting experience. The car turned over on him, and it is believed it would have proved fatal to him had not some passers-by come to his aid immediately.

On Monday evening, December 4th, the annual meeting of the village ratepayers was held, for the purpose of nominating candidates for the council for the coming year. The meeting was small, and from the lack of interest shown it would appear that the acts of the old council had met with the approval of the electorate. Had all of the old council decided to accept re-election, there would have been no change but Mr. Littleton decided he had had sufficient municipal honors and was replaced by another white type in the person of Mr. McMillan. Mr. McMillan was in the same position in past years. There being only three nominations received, the candidates, Messrs. W. E. Tustian, H. C. Morrison and H. D. McMillan were declared elected by acclamation. The financial statement shows the village to be in excellent condition, in comparison with other Alberta municipalities; having no debenture indebtedness.

The government of Quebec province has decided to abolish the open bar, but will permit the continued sale of liquors under a system not yet decided upon. The exodus of the bars may come by next May, but if legislation has not by then achieved this result, then it may be expected by May, 1918.

## Local and General

As a result of a patriotic dance given by Mr. and Mrs. T. Madden at the Windsor Hotel, London, recently, \$20 was raised for the Patriotic Fund.

Canada's revenue in November was the greatest in the Dominion's history, being \$23,164,765—equal to the total revenue in the full fiscal year 1879-80.

The marriage of Lachlan Alexander Carmichael to Miss Annie Laurie Pelletier, daughter of Henry S. Pelletier, took place at Monarch on November 27th.

President Wilson has used another scrap of paper to protest to the German government against the presence of Hun submarines near American waters.

David Lloyd-George is likely to be entrusted with the re-organization of the British cabinet on a basis which will ensure a more vigorous pursuit of the war.

Michael Rodzianko, president of the Russian Dumas, has resigned on account of being insulted by the extreme right leader, M. Markoff, who called the president a "bawling blackguard."

Four large German submarines sailed out of Kiel canal for the United States coast. Two were captured by British destroyers, but the others are now off the United States coast ready for operation.

The lengthy negotiations between Great Britain and France for the turning over to France of a hundred vessels representing 600,000 tons, failed because a Paris news paper published the news pending the arrangements of details.

One of the most important cases that has ever been launched in the Manitoba law of king's bench will come up next Wednesday, when a motion in connection with it will be made. The action involves the Grand Trunk Pacific Railway Co., the Grand Trunk Pacific Development Co., the Trans-Continental Townsite Co., the purchase of townsites and right-of-way for G.T.P. branch lines through Saskatchewan and Alberta, the securing of a section of land from the Dominion government, and a claim for \$761,174.22 on one side, and the sum of \$2,025,000 on the other by way of counter-claim.

We are asked to announce that the "stag party" proposed to be held on Thursday night of next week at the Alberta hotel, in honor of returned soldiers W. Archer and W. Howe, has been postponed to Wednesday, December 20th. Not because the ladies were "getting wise," but for other reasons. So, gentlemen, please take note, and be on hand on the 20th, 9 p.m. sharp, when a very interesting programme will be rendered.

The "at home" to be given in the I.O.O.F. hall on Tuesday night next is not altogether confined to bachelors and their friends, but to Oddfellows and their wives, and married couples.

**SYNOPSIS OF COAL MINING REGULATIONS**

Not more than 25,000 acres will be leased to one applicant.
